

BOOK AGAIN, SAVE MORE

Every time you come back, the rate drops. Nothing to sign up for and no code to remember — I keep track, and the discount is already applied when I quote you.

10%

Your second booking

The first time you book me again, ten percent comes off.

20%

Your third booking

Book a third time and it doubles.

30%

Your fourth booking

Thirty percent off — the best rate I offer.

Discounts come off the session rates on the “Rates & booking” sheet. Individual, team, and event bookings all count toward it.

HOW TO GET YOUR PHOTOS

Every photo I shoot goes up on my site the same week. Finding yours takes about a minute, and there is nothing to download or sign up for.

1**Open the store**

Scan the code below, or type garrettphoto.store/store into any browser.

2**Find your game and tap your photos**

Photos are grouped by game. Tap as many as you want — they cost \$1 each and the total updates as you go.

3**Send the order in one tap**

Type your name and email and press send. No account, no card details, and no email app opens.

4**Keep your chat code**

You get a short code on screen. I message you there to sort out payment. Closed the window? Reopen it at garrettphoto.store/chat.

5**Get the clean files**

Photos on the site carry my watermark. Once you have paid I send the full-resolution originals with no watermark on them.

SCAN TO SHOP

Opens the store straight on your phone. Photos stay up for the season, so there is no rush.
