BOOK AGAIN, SAVE MORE

Every time you come back, the rate drops. Nothing to sign up for and no code to remember — I keep track, and the discount is already applied when I quote you.

10%

Your second booking

The first time you book me again, ten percent comes off.

20%

Your third booking

Book a third time and it doubles.

30%

Your fourth booking

Thirty percent off — the best rate I offer.

> Discounts come off the session rates on the “Rates & booking” sheet. Individual, team, and event bookings all count toward it.

HOW TO GET YOUR PHOTOS

Every photo I shoot goes up on my site the same week. Buying yours takes about a minute — you pay on the site and the full-resolution files land in your email straight away.

1. **Open the store**
   Scan the code below, or type garrettphoto.store/store into any browser.

2. **Open your game, then tap your number**
   Each game lists the jersey numbers in it. Tap yours and the grid narrows to your athlete instead of the whole match.

3. **Tap the photographs you want**
   $1 each. The total updates as you go, and you can pick from more than one game before checking out.

4. **Pay by card on the site**
   Name and email, then card. Card processing is added on top and the exact total is shown before you pay — $1 comes to $1.34. No account needed to buy.

5. **Your photographs arrive by email**
   Full resolution, no watermark, within about a minute. On a phone, open one and press and hold to add it to your camera roll.

> Lost the email? Nothing is gone. Sign in at **garrettphoto.store/account** with the address you bought under — no password, just a link emailed to you — and every photograph you have ever bought is waiting there to download again.

SCAN TO SHOP

Opens the store straight on your phone. Photos stay up for the season, so there is no rush.
